

## Speed Radar Gun

### RHHR- Railmaster

Our RHHR Railmaster speed radar gun is available for either hire or sale. The RHHR is a model designed specifically for use track side in the rail industry. Fitted with a small LCD display, the user can point at a moving train, pull the trigger and it will continuously track and measure the approaching vehicle speed in real time.

The RHHR Railmaster is an effective method of measuring and enforcing speed management trackside. Housed within the base of the handle is a rechargeable battery pack which can offer continuous operation for more than 6 hours with a recharge only taking 60 minutes. The RHHR Railmaster is built in a toughened plastic casing and is built to withstand knocks and bangs on site. It is capable of measuring speeds in low speed mode 3.0-71.9mph ideal for shunting yards, or high speed mode 72-320mph for measuring trains approaching engineering works too fast. Targets can be safely measured at a distance of over 350ft away for maximum safety and the speeds will be shown in real time on the built in LCD Display. Users can be measuring speeds within 10 seconds of powering on the RHHR and the user needs no training or experience to operate.

#### Radar Module –

- Make – Decatur SI-3 Antenna
- Sensor – K-Band
- Range – 3-320mph
- Distance – 30-350ft
- Port for data collection to laptop

#### Power –

- 7.2v Rechargeable System
- Optional 12v in car charging
- Battery Life – 4-6 hours
- Fast recharging
- Low Voltage alert system.

#### Dimensions –

- Length – 250mm
- Width – 180mm
- Weight – (approx.) 1.5kg

#### Security –

- Optional Hard-Shell carry case

#### Why choose Roadside Technologies VMS:

- ✓ UK and EU authorised distributor for the RHHS
- ✓ 2 Year Warranty as standard
- ✓ Low failure rate with no moving parts
- ✓ Thousands of RHHR models in operation with for speed enforcement across the world
- ✓ Calibration packages available
- ✓ Long term lease options available
- ✓ Comes complete with 12 months calibration certificate
- ✓ Optional Hard-Shell carry case available
- ✓ Operational within seconds of switching it on
